## I Been Down That Road Before

*Words & music by Markus Zosel*

I can see it in the mirror  
Just that look at me right now.  
In so many ways I wonder  
And I still do try somehow.  
I been down that road before

I'm still longing for a reason  
I'm still trying just to see.  
With a splendid blue above me

And what's left is being free.  
I been down that road before.

There's a question for an answer  
There's a light for all that's dark  
There is someone just to guide you  
No matter where you are.  
I been down that road before.

## On My Mind

*Words & music by Markus Zosel*

Maybe I been riding  
On that road for much too long.  
Maybe I just been holding on  
That song much too strong.  
I am fine, I am fine,  
But it's you who is on my mind.

Maybe I've been trying  
Just to make it work for me.  
Without the need to share  
The wonders I could see.  
That was fine, that was fine,  
But now it's you who is on my mind.

I could dream a dream  
That shines out of the darkest night.  
It would be so wonderful  
And shone its magic light  
Into the darkness  
Of all the night  
Into the unknown  
To let it shine so bright

There's a reason why I act  
The way I do.  
Yes, I been hurt before  
Although I had been true  
All the time, all the time and had love  
On my mind.

And I know for sure  
That it hasn't been you fault.  
It's just a desperate way  
For anyone to fall.  
Now you're here all so fine  
And it's so new on my mind.

I could dream a dream  
That shines out of the darkest night.  
It would be so wonderful  
And shone its magic light  
Into the darkness  
Of all the night  
Into the unknown  
To let it shine so bright.

I could dream a dream  
That shines out of the darkest night.  
It would be so wonderful  
And shone its magic light  
Into the darkness  
Of all the night  
Into the unknown  
To let it shine so bright.

## I Will Fall in Love Again

*Words & music by Markus Zosel*

Set your story right to tell.  
Make it sound so sweet and well.  
I don't mind the way it shines on me.

I gotta see it differently.  
Another point of view for me  
And so I write what seems so hard to say.  
Yes, I will fall in love again,  
I will fall in love again.

I put away the books, you see.  
It feels like a myth to me.  
I forgot what I was looking for.

Cause it was in the early days,  
All the world felt like a maze,  
Felt so good - what now seems insane  
But, I will fall in love again,  
I will fall in love again.

Yes, life planned it otherwise  
Soon it took you from my side  
Out to a trip and you did not return.

Suddenly it felt unreal  
That I was left alone with me

We'd just begun looking out the same.  
But I will fall in love again,  
I will fall in love again.

Maybe I will fall in love no more?  
Who cares if I'll fall in love no more?  
I'm satisfied I'm feeling fine,  
But there's one thing on my mind  
I 'm afraid I 'll tell you once again.  
That I will fall in love again,  
I will fall in love again...

## Sunday Afternoon

*Words & music by Markus Zosel*

We met in spring that year  
You said we'd start from here  
On a journey to the moon  
On a Sunday afternoon,  
On a Sunday afternoon.

I said that we could share  
A glass of wine and care  
When all the flowers would start to bloom  
On a Sunday afternoon,  
On a Sunday afternoon.

You took me by the hand  
I thought it could not end  
And flowers would forever bloom  
On a Sunday afternoon,  
On a Sunday afternoon.

In dreams I thought of you.  
My love was strong and true.  
I wasn't expecting it gone so soon  
On some Sunday afternoon,  
On some Sunday afternoon.

Many reasons to be free.  
A different kind of destiny.  
Choices made but without me.  
Said you got just to be free,  
That you cannot stay with me.

A dance is just a dance  
A moment of romance.  
But the song will find its end too soon

On a Sunday afternoon,  
On a Sunday afternoon.

You said that you would go  
For reasons you would know.  
Yes, autumn winds they came to soon  
On a Sunday afternoon,  
On a Sunday afternoon.

Yes, autumn winds they came to soon!  
On a Sunday afternoon,  
On a Sunday afternoon.

## This Is Much More

*Words & music by Markus Zosel*

This is much more than a feeling,  
This is much more than a word.  
Something never been said  
Before and never heard,  
Before and never heard at all.

This is much more than a feeling,  
This is real and true.  
Come and just make it happen,  
For me and for you  
And all others too right now.

Say that you'll want me forever,  
Say that you'll love me for good.  
Say that you'll stay where I'm going to  
And everywhere we could,  
Together we may trust and we should.

This is not a way of believing,  
This you can grab with your hands.  
Not even some sort of illusion,  
You just got to understand  
All this is in your hand and mine.

This is what I once dreamed of.  
Maybe you just the same.  
Let us both be deciding  
Is it worth the power and time  
To make it work and shine again.

Say that you'll want me forever,  
Say that you'll love me for good.

Say that you'll stay where we're going to  
And everywhere we could,  
Together we may trust and we should.

This is much more than a feeling,  
This is much more than a word.  
Something never been said  
Before and never heard,  
Before and never heard at all.

Say that you'll want me forever,  
Say that you'll love me for good.  
Say that you'll stay where I'm going to  
And everywhere we could,  
Together we may trust and we should.

## Paperwork

*Words & music by Markus Zosel*

You may walk  
Many a shiny road,  
You'll be laughing and you'll get hurt.  
But someday that may all be gone  
Cause it's just paperwork,  
Cause it's just paperwork.

All your dreams  
That you kept yourself  
May go by, must go by.  
In the end that is what it seems:  
All is just paperwork,  
All is just paperwork.

Take your time  
There's no need to rush.  
Take your time, take your time.  
We are travellers, all of your steps may fade  
Just like paperwork,  
Just like paperwork.

You may walk  
Many a shiny road,  
You'll be laughing and you'll get hurt.  
But someday that may all be gone  
Cause it's just paperwork,  
Cause it's just paperwork.

# Shining On

*Words & music by Markus Zosel*

Shine on, shine on  
For all the world is bright.  
You will find the light  
Even in the darkest night.  
Keep on moving through  
And it'll shine for you.

Dream on, dream on  
For are the world it waits  
For people and characters  
Who just don't hesitate.  
Let that be you way,  
Don't let it pass away.

Don't give up, don't give up  
To ever try again.  
You're just no fool by trying hard  
Instead of going insane.  
Keep on dancing free,  
You're always gonna see.

God knows, God knows  
Where we all gonna be.  
Depending on the way we try  
To be and want to see.  
Let this be a way,  
Don't ever leave your own way.

Shine on, shine on  
For all the world is bright.  
You will find the light  
Even in the darkest night.  
Keep on moving through  
And it'll shine for you.

Dream on, dream on  
For are the world it waits  
For people and characters  
Who just don't hesitate.  
Let that be you way,  
Don't let it pass away.

# Framed

*Words & music by Markus Zosel*

Yes, she's a princess  
from this title I can tell.  
Such a beauty  
In black and white portrayed.  
She used to rock'n'roll  
She used to ride the streets at night.  
And all so wonderful  
Is the magic in her eyes.  
The paper kept her name,  
Portrayed and framed.

And she's a woman  
That's what she's most of all.  
And just like anyone  
Sometimes heading for a fall.  
Her eyes are open wide  
For all the things to see  
And they portrayed her mind  
So beautiful and free.  
That's what they seem to me,  
That's what it says to me.

She used to rock'n'roll  
She used to ride the streets at night.  
And all so wonderful  
Is the magic in her eyes.  
The paper kept her name,  
Portrayed and framed.

A faded picture  
From long ago and more  
It still does shine along  
From ages I don't know.  
She must have made it right,  
Just in time they took this shot.  
With all the things in mind  
She must have seen a lot  
The paper kept it all  
Right here after all.

# Bright October Morn (Sparkling Leaves)

*Words & music by Markus Zosel*

*Instrumental*

# Wishing Well

*Words & music by Markus Zosel*

Wishing well  
Who can tell  
By the light of the moon,  
By the light of the moon?

Strange device,  
Sacrificed,  
For things coming soon  
Coming so soon....

It is near  
And all so clear.  
We're approaching there,  
Approaching there.

A distant star  
Tells who we are.  
We can't deny to get by..

*Round and a round and a round we go,  
In here tonight...!*

I will find  
You this time.  
Be my guide  
Here tonight.

Wonder of all light  
We carry inside.  
Let it shine so bright  
Through the darkest nights.

*Round and a round and a round we go,  
Together tonight...!*

## Amazed

*Words & music by Markus Zosel*

Won't you take me under white sails  
Under a bright and starry sky?  
Won't you take me there?  
I'll just follow there!  
On an ocean blue and wide.

In a sky so clear and endless.  
Under a sun so warm and dear.  
You can take me there  
I just follow there  
Any time you'd like to share.

I don't need no hesitation  
not a lament on my own.  
I am ready now  
If you called right now  
we'd never be alone no more.

One gift is all the wonder  
When you're struggling on and on.  
Makes you humble and free  
Makes you listen and see  
To whom you shall belong.

After words seemed kind of lazy  
And after dreams seem kind of haze,  
I just gotta tell  
That I just fell  
In love with being amazed.

So, won't you take me under white sails?  
Under a bright and starry sky?  
Won't you take me there?  
I'll just follow there!  
On an ocean blue and wide...

## After All This Rain

*Words & music by Markus Zosel*

After all this rain  
Has ceased to fall.  
After all these dreams  
It's been most of all  
Going on strong

But for too long  
It's been going on all alone.

After all this rain  
Everything seemed clean.  
Covered by water  
And things unseen  
Emerged suddenly  
And to me they might seem  
as strange as before.

After all this wonder  
You just ask yourself:  
What has been the price  
For simply being yourself?  
Don't try to lie  
Things may go by  
But you will remain just the same.

*After all this rain...  
After all this rain...  
Will we all remain just the same?*

*Going on strong  
But for too long  
It's been going on all alone...  
Maybe I will stay all alone...?*
